From: Kevin Ijames
President
Ace Manufacturing and Parts Company

Re: State of California proposition 65 regarding All Ace Manufacturing and Parts Company products

To Whom It May Concern:

This correspondence is in regards to the Proposition 65 labeling requirements for products sold in California. This regulation requires warning labels on all products sold in California that contain certain chemicals that California has determined to be toxic to both male and female reproductive systems, cause defects in unborn children or deemed carcinogenic.

Please be advised that the products produced by Ace Manufacturing and Parts Company do contain very small quantities of some of the chemicals listed in the Proposition 65 regulation. As such, individual products sold to consumers as well as retailers (for direct resale) will contain the Proposition 65 warning label on the product label of the exterior packaging. The warning label will also be applied by Ace to the exterior label for **bulk** packaged products sold to retailers for rebuilds or individual resale. In these instances, it is the responsibility of the party that repackage and resell the product containing Ace products to provide the warning label per Prop 65 when sold in the State of California.

Per the requirements of the California Proposition 65: The label will contain the triangular warning symbol with the following verbiage (Please refer to the website <https://oehha.ca.gov/proposition-65> for more info.):

⚠ WARNING: Cancer and Reproductive Harm - www.P65Warnings.ca.gov/product

The size of the warning is to be ***no smaller than the largest font*** size used for other consumer information on the product. In no instance shall it be smaller than 6 pt.

Please confirm receipt of this notice at your earliest convenience by signing and dating in the space below and returning this letter to Robbin Thayer, Ace Marketing and Customer Engagement Manager at rthayer@ace-mfg.com

I have read the attached notice regarding California Proposition 65 and will comply with the labeling requirements stipulated in the regulation for products manufactured by Ace Manufacturing & Parts Company.
